

Polystyrene Tire Centers (Tire Inserts) Assembly instructions

2 -2" Straps are attached to the back side of the tire center. They extend 2.5" past the O.D. (outer diameter) of the tire center. Example-17" O.D. Circle has 2-2" x 22" Straps, loose 2.5" from edge this allows the flexibility to use in either a 15"/16" tire size fitment.

1/8" Foam Tape Pads
are installed 2.5" in
from edge
